AIM AND SCOPE

Spanish Journal of Agricultural Research publishes original scientific articles, reviews and short communications that are not under consideration for publication elsewhere.

This peer-reviewed journal will publish contributions, in English including abstracts in Spanish, coming from all countries dealing with all aspects on production and health in plants and animals, as well as rural development, such as genetics, breeding, organic, biological agriculture and sustainable production systems, apiculture, aquaculture, forages and pastures, plant and animal diseases, pests and weeds, epizootiology, immunology, parasitology, physiology, reproduction, management and food technology, natural and genetic resources, agricultural economics, rural engineering and mechanization, soils, fertilization, irrigation and watering, etc.

Spanish Journal of Agricultural Research is covered by: ICYT, COM-PLUDOC, AGRÍCOLA, AGRIS, BIOSIS Previews, CAB Abstracts, CAB Health, FSTA (Food Science and Technology Abstracts), GEOREF, PASCAL. It is also included in the following automated directories: Jake, Ulrich's Periodicals Directory, LATINDEX Directory, LATINDEX Catalogue.

Spanish Journal of Agricultural Research is published quarterly (March, June, September and December) by the Spanish National Institute for Agricultural and Food Research and Technology (INIA). Autopista A-6, km 7.5. 28040 Madrid (Spain).

SUBSCRIPTION PRICE (2003, 1 volume, 4 issues): 90 €. **Sales and subscription inquiries:** José Luis Bernabé. Servicio de Publicaciones INIA. Autopista A-6, km 7.5. 28040 Madrid (Spain). E-mail: distri@inia.es. Phone: 34 91 347 14 93. Fax: 34 91 357 22 93.

Online edition

The online edition of SPANISH JOURNAL OF AGRICULTURAL RESEARCH is available at: www.inia.es • Full-text articles are available in PDF format and accessible to all users.
